

JWildfire 2021 Halloween Critters Flamepack

This flamepack by Wolfepaw (Peggi Wolfe) contains the JWildfire parameters for 15 Halloween Critters that were made for the 2021 Halloween Flame Game in the JW Sanctuary group on FB. I didn't submit all these, just a few of them. The interesting part about these flames is that they all contain pretty much the same basic variations. But, have fun and experiment with them and create your own Halloween Critters!
